

Main theme of the competition: "Architecture as a means to improve human coexistence"

PROJECT FEATURES

SITE

The theme of the award does not refer to a specific site or context. Each Contestant or team will choose the environment in which to place their project. The project must establish a relationship with the environment, real or fictitious, in which it is established. This relationship must be described, graphically or documentary, considering the meaning and intention.

PROJECT DIMENSION

There are no limitations or restrictions regarding the dimensions of the project. Starting off of the typology chosen by the participant related to the contest theme:

"Architecture as a means to improve human coexistence" will set the proportions of the project responding to its particular characteristics and the chosen environment

TYPE OF CONTEST

The World Architecture Competition of the International College of Professionals is an international architecture competition aimed at professionals and students who are committed to developing a project idea giving the best of their creativity with a local, municipal, state, national or international impact. It is a private ideas contest with the intervention of a jury by open, anonymous procedure and in a single evaluation phase.

The proposal must include the project development of an interior or exterior space, the general view of a construction or focus on specific spaces belonging to a all greater. The design must be accompanied by a brief theoretical and graphic reflection, which explains the analytical and creative process that has led to the best final solution.

CONTEST ORGANIZER

This contest is organized by the International College of Professionals C&C Architecture division. All doubts regarding these bases and the contest in general will be addressed via email, at the following address, throughout the entire registration and delivery period, as indicated in the "Deadlines" section of this document.

DOCUMENTATION TO SUBMIT

The delivery will be in digital format and will consist of two parts: graphic documentation and written documentation.

- Graphic documentation:

A single panel ready for printing in A0 vertical format will be presented.

The panel will allow a general understanding of the space under study, as well as a detailed definition of the materials used. Functional studies, technical details, photographs, collages ... and any technique or shape are allowed.

of graphic expression that explains the proposal.

The slogan and registration code should be written on the panel in the upper right corner.

Following the instructions on the web, the graphic documentation will be loaded with this file name:

- Registration code_A0

The file must be in .jpg format and 150 dpi resolution.

- Written documentation:

a) Motto of the proposal with a maximum of 140 characters (with spaces).

b) Descriptive memory with a maximum of 8,400 characters (with spaces), in English indicating:

- Motivated analysis of the typology chosen for the project.

BASES

- Conceptual analysis of the project idea that governs the design.

- Analysis of selected environmental techniques.

c) Material sheet with a maximum of 2,800 characters (with spaces) in english language

You must send the link where the information is stored. to the following email dinamicaecc@gmail.com

Written or graphic documentation may not be sent in addition to the one mentioned.

No brand, logo or element that can identify its author may be incorporated.

The affiliation of the graphic proposal will be made through the slogan and registration code that must appear in the upper right corner of the panel.

The jury will analyze the proposals online by viewing them on a computer screen.

The deadline for submitting proposals is described in the "Deadlines" section of this letter.

The International College of Professionals C&C architecture division will ensure that the jury has the proposals submitted, maintaining their anonymity at all times.

Proposals submitted after the deadline will not be admitted under any circumstances indicated.

ANONYMITY

The International College of Professionals C&C architecture division will ensure at all times respect for the anonymity of each proposal during the development of the contest. The works will be presented under their motto and registration code, which must appear on the cover of the written document and in the upper right corner of the panel, in such a way that they are examined by the jury anonymously. All kinds of brands, logos, icons, or signs that can identify its author are prohibited in the documentation. Failure to comply with this point will be grounds for exclusion from the contest.

BASES

The International College of C&C Professionals will classify the images by their registration codes, keeping the complementary information that links authors and registration numbers, and only after issuing the ruling, the jury will know the name of the contestants.

JURY

The composition of the jury is of great importance for The International College of C&C Professionals, for this reason it has been selected leading figures from the architecture sector for the evaluation of the proposals.

The functions of the jury will include:

- The analysis of the admission and reasoned exclusion of the works.
- The analysis of the proposals presented and their evaluation based on the stipulated criteria.
- The vigilance and compliance with the rigorous anonymity with which the documentation must be examined.
- The definitive resolution proposal: the decision that resolves the contest must be reasoned with respect to the proposals receiving the prizes. Such reasoning will appear in the minutes containing the aforementioned ruling.

The members of the jury will evaluate, digitally, all the files sent by the contestants. In the event of discrepancies or ties in online voting, a plenary meeting would be called to make a consensual decision.

PROCESSING OF PERSONAL DATA AND INTELLECTUAL PROPERTY RIGHTS

The personal data collected through the registration for the award will be registered in the database, owned by The International College of Professionals C&C, which belongs to the International Center for Quality Employment Intelligence Civil Association, which will be the owner and responsible for the treatment.

The personal data of the users will be used by the owner of the treatment respecting the principles of privacy protection and other applicable current regulations.

The proposals submitted may be used to obtain funds to carry them out in coordination with the organizer.

The authors agree to share with the International College of C&C Professionals the exploitation of the project for the purpose of fulfilling the corporate purpose of the International Center for Quality Employment Intelligence the civil association.
